

Training Manual Amendment

Jeppesen and Atlantic Flight Training Ltd (AFT) wish to supply you our customers the best training material possible. However, we are aware that very few, if any, publications ever reach the point of perfection.

Considering annual reviews of the JAR Learning Objectives, coupled with our desire to learn your recommendations for improvements of this training series, we are introducing this amendment reporting procedure. This procedure will allow us to effectively organize our customer comments.

If you wish to make an observation or comment please complete the linked amendment form giving as much detail as possible. When you have completed the amendment form please press the send button.

What Happens Next?

Your comments will be carefully reviewed by our experienced team of subject matter experts. Upon validation of your input, Jeppesen and AFT will revise the respective course material and publish accordingly.

Thank you for sharing your valued thoughts and experiences of this training series with us.
